Our role in society

At PG Foils, we have long considered societal value creation as a vital measure of our success. We can succeed only when the extended community around us progresses, and as a large enterprise we realize that we have the voice and reach to create positive change, especially at the grassroots. Thus, in addition to our regular citizenship initiatives during the year, we also stepped up efforts in alleviating COVID-19 pandemic’s substantial negative impact on society, focusing on creating conducive conditions in preparing for an early bounce-back. We have identified the United Nations’ Sustainable Development Goals (UN SDGs) as a useful marker in assessing our impact across our chosen areas and also in developing new programs. We have selected the following seven SDGs (out of the total of 17) where we believe we can create the maximum value.

Board responsibility statement

The Board of PG Foils acknowledges its responsibility in ensuring the integrity of this Annual Report. The Board has contributed to the identification of matters that are material to the Company, and these matters have been used to select information addressed in this report. The management has prepared and verified the information, ensuring an accurate, balanced and inclusive overview of the organisation.

Welcome to the *world of PGF!*

Our history

The dream of one man, Shri Parasraj G. Shah, has found fertile ground in Pipalia Kalan, located deep in the interiors of Rajasthan, to grow and thrive for a long time to come.

Established in the year 1979, PG Foils has always had an important presence in Pipalia Kalan, contributing to the development of the area and evolving as Pali district's region with the highest GDP.

Over our long and eventful history during which our founder and promoters transformed Pipalia Kalan from a sleepy desert village into a thriving manufacturing hub, the results have followed in a never-ending journey marked by the courage of the people who to this day make the Company great. Our goals highlight our continuous evolution that defines the spirit of our Company as one that in transforming aluminium has also transformed an entire region.

Our vision

As supply chain members, we strive to be strategic partners of our customers through innovation in aluminium foil packs and flexible packaging. Our success lies in adding to the competence of our customers through innovation in packaging.

Our mission

Our mission is metamorphosis of PG Group into an integrated multifaceted manufacturing powerhouse – a dynamic packaging solutions provider to match the ever-changing market needs.

Our growth strategy

With a focus on driving all-round excellence, we adhere to a five-pronged strategy to achieve sustainable long-term value. These include:

Harness the deep fundamental strengths of our business

Focus on product premiumization

Enhance manufacturing capacity through inorganic route

Expand customers in existing and new geographies

Explore synergistic growth opportunities across our manufacturing units

Our identity

With a manufacturing capacity of 11,700 MTPA, PG Foils Limited (PGF) is among the world's largest Indian stock market-listed Company engaged in the production and supply of aluminium foil and specialty aluminium flexible packaging products to major Indian and international pharmaceutical companies and customers in several other sectors.

Aluminium foil is mainly used as packaging material and has proved to be the best of its kind on account of its unique times-tested protective properties. It is moisture-proof, gas-proof, light-proof and hygienic. It reflects 96% of the light and imparts a point of sale appeal. So, unconsciously and instinctively, end users use PGF-manufactured products every day when they:

- Press open a blister or pharma foil encasing the tablet medicine
- Pull-off the tagger foil that protects the quality and taste of consumables in cans
- Peel open a biscuit or cookies packet
- Tear open a sachet of sauce or milk powder
- Unwrap the attractive packaging wrapping their ice cream cone
- Pack food items in aluminium foils to secure and retain its freshness
- Dip their tea bag foils in hot liquids for their refreshing cup of tea

Thus, PG Foils manufactures a wide range of everyday use products under the PGF brand that are supplied in India and over 24 countries abroad, including the UK, UAE, Australia, Russia, Bangladesh, Sri Lanka, Egypt, Jordan, Mexico, Oman, Nepal, Philippines, Kenya, Sudan, Iran, Ghana, Nigeria, etc.

Our business framework

At PG Foils, our focused strategy enables us to deliver growth today while driving the investments required to continue to sustainably expand our business and create value for tomorrow.

Our vision and mission are aligned to our business strategy that comprises advancing our performance and bolstering our imprint as a proud Indian manufacturer of specialty aluminium packaging products that are used domestically and exported to many countries abroad. Our long run sustainability in a sector in which few have survived over time will continue to remain anchored on our ambition to achieve business excellence through product quality and customer delight. Thus, innovation and customer service will be at the heart of all that we do, and supporting this endeavour is our business framework that encapsulates the integrated nature of our operating model.

Key stakeholder initiatives *amidst COVID-19*

The COVID-19 pandemic stoked challenges, yet it also strengthened our culture of solidarity, interdependence and responsibility.

During the year, we operated in a manner without compromising on the health and safety of our people involved in the various aspects of our business. We have thus adopted several measures of care for our various stakeholders, while also pivoting our business to ensure that it adjusts to the new normal.

For our customers

- Ensured operational continuity for round-the-clock service, especially for pharma customers
- Facilitated customers through deliveries as per quantity and timeline commitments
- Ensured COVID-safe practices and thorough sanitisation of premises to avoid chances of infection and operational discontinuity

For our people

- Assured full job protection and on-time salary disbursement
- As an essential service, we continued with our operations and hence ensured a safehouse for our shopfloor employees who could remain productive, engaged and safe
- Extended holistic support during emergencies, including for hospitalization, quarantine, etc.

For our communities

- Our social outreach programs are rooted in impacting the grassroots and making a difference in their lives
- We focus on community relief through efforts in food distribution, health care support, etc.
- Our hospital played a key role in COVID as it was transformed into an isolation centre; it resumed normal operations once the second wave subsided

For the nation

- Continued to serve national interests through meeting essential and critical requirements
- Met social obligation through providing employment and livelihood
- Ensured employment protection during the pandemic
- Contributed ₹ 1,623.95 lacs as tax to the exchequer in FY2022

Letter from our CMD

"PG Foils delivered a strong and satisfactory performance in 2021-22 characterised by growing momentum and record results. Our teams delivered growth and strengthened margins despite a dynamic and challenge-filled operating environment with global supply chain disruptions, high raw material inflation and continued effects of the pandemic."

CMD

Dear shareholders,

I warmly welcome you to PG Foils Limited's Annual Report for the fiscal year 2021-22.

As you'd have seen we have adopted a new reporting approach that is premised on communicating our story better and informing our plans for the future. This reporting is a step in the direction of correcting the market perception of us as a convertor – what we actually do is we transform aluminum into value-added specialty PGF aluminum and this is where our true strength lies.

So before I give a performance update for the year and our plans, I would like to take you a bit into our past.

THE FIGHTING SPIRIT – OUR EARLY HISTORY

When I look back, I feel the next evolution in our journey arrived when two large international players in the Indian aluminium packaging sector faced challenges and could not meet their supply commitments. We were pursuing customers for years but because of the criticality of the products made to precise specifications it was difficult to make a breakthrough as they were highly cautious to switch suppliers. But with problems arising with their existing vendors, customers weighed their

risks and finally gave us orders. This godsend opportunity was hugely valued and we worked hard in earning and keeping the trust of our customers. Many of them are still with us today.

So this period really toughened me up and prepared me for the challenges ahead. What really came as a major support was our people who took it in their own hands to see such an industry come up in their village. They were committed to the job and today I'm proud that my team has transformed into a highly specialised group of people with the best skills in the industry and this land has transformed into one exhibiting the highest GDP in the Pali region of Rajasthan. I think my father would be happy.

LAST MAN STANDING – SUSTAINING IN A CHALLENGING BUSINESS

PG Foils is the first indigenous Company in the aluminium foil and packaging sector, it is the first in north India and also the first to have Indian promoters. We are located in a village setting with promoters who are hands-on and with a homegrown team that has learnt skills on the job. We have seen companies decline and disappear both before and after us and many companies today are either of a micro scale or are in terminal decline. We are amongst the few with largescale operations and in profit.

I think the distinction boils down to the mindset. This business requires close proximity and engaged supervision because it is critical for end customers. The plant and the shopfloor needs to be the headquarters and not an office that is located in a city far away. Crores of rupees of products are at stake if the packaging fails quality tests or does not arrive on time. For the manufacturer himself, any material rejects diminish product value to a quarter and hence is a big source of loss.

So the major difference at PG Foils is that we fostered a unique pathbreaking culture of entrepreneurialism, deep and direct engagement and opportunism that would be difficult for a typical process-driven company to follow. That is not to say we are not process driven, but being business-wise, engaged and proactive and taking calculated risk honed via

decades of experience is something that goes beyond the permit of a conventional managerial setup. Through longstanding experience we have created a position for ourselves where we're able to improve our financial profile despite buying in cash and selling on credit, something that defies conventional wisdom and has yet worked perfectly for us.

What we also do is never make a compromise on quality. We use imported aluminium and one of our key suppliers is Bahrain-based GARMCO, one of the oldest and largest downstream aluminium company in the Middle East producing high quality aluminium rolls. We also procure aluminium from Hindalco and other materials such as ink, granules and chemicals from eminent companies, such as Huber group, Reliance, GNFC, etc. Using top quality inputs on vintage machinery while closely controlling all process and quality parameters through online technology makes aluminium transform into PGF aluminium and this is something we take very seriously knowing that our products are used for essential and critical consumable items. Our plant and operations are subject to regular audits by customers and their endorsement is validation of what we do on the shopfloor and attests to our own stringent standards.

What I also do is make regular customer visits. We have fought hard for their business and me and my team never take this lightly. We have direct engagement with customers and have no agents or intermediaries, which is unlike the sales structure of other companies. Having a relationship-building approach in customer engagement has enabled us to transform formal relations into friendly ties and my customers often tell me lightheartedly that I'm the only person who's a promoter who visits them. So I feel a major source of advantage is we have a large basket of solid and secure customers and goodwill and we have been able to meet their quality, cost and delivery expectations on a consistent basis. We have been able to break through this major entry barrier, which fuels my optimism to expand our leadership position and market share, sustainably grow the business and enhance value.

AGAINST THE ODDS – OUR PERFORMANCE IN 2021-22

PG Foils delivered a strong and satisfactory performance in fiscal year 2021-22, characterized by growing momentum and record results. Our teams delivered growth and strengthened margins despite a highly dynamic and challenge-filled operating environment with global supply chain disruptions, high raw material inflation and continued effects of the pandemic. Even amid this scenario, we advanced our strategic agenda across multiple key areas, investing for organic growth, accelerating innovation and taking new products to commercial scale. The foundations of our business are stronger than ever,

PG Foils delivered a strong and satisfactory performance in fiscal year 2021-22, characterized by growing momentum and record results.

which means we are uniquely positioned for future growth and continued success. Before I share our plans for the future, the gist of our performance in 2021-22 is given below:

- Income from operations rose by 56.78% from ₹ 25,164.90 lacs in 2020-21 to ₹ 39,453.60 lacs
- EBIDTA expanded by 154.22% from ₹ 2,858.89 lacs in 2020-21 to ₹ 7,268.09 lacs
- Finance cost increased only marginally by 25.28% from ₹ 457.05 lacs in 2020-21 to ₹ 572.62 lacs
- Net profit grew by a substantial 224.04% from ₹ 1,938.15 lacs in 2020-21 to ₹ 6,280.41 lacs
- EPS improved by a sharp 201.96% from ₹ 18.85 in 2020-21 to ₹ 56.92

- On the balance sheet side, total assets grew by a healthy 42.81% from ₹ 38,308.79 lacs in 2020-21 to ₹ 54,709.11 lacs
- We have nil non-current borrowings and are debt-free on a net debt basis, with cash and equivalent of Rs 36,585.97 lacs against debt liability of ₹ 26,402.78 lacs (as on 31 March 2022)

I would like to believe that our 2021-22 performance is only the start of our next phase of value creation as we have identified a number of growth vectors for the future.

WORKING ON NEW GROWTH PATHWAYS – BUILDING FOR THE FUTURE

The replacement cost of our assets is no less than ₹ 150 crore and such capex intensity would deter anyone to undertake new aluminium rolling plant, not to speak of the product quality stringency and customer relations required to succeed in the business.

While these very barriers are the source of competitive advantage for us, what is also true is that inorganic expansion can give us something that would help us build on our already strong foundation – scale. So in a post balance sheet development, we acquired a small aluminium factory located nearby our operations and the strategy is to use it for utilising the bare foil that we manufacture for conversion into specialty packaging products and hence boost our margins. We have also identified ways to enhance efficiency of the acquired plant and hence lower costs.

Simultaneously, we are also having discussion with other players to acquire their assets and a promising deal as of now is a manufacturing facility in the Northeast. The region where this particular plant is located is a pharma hub and hence we can use it for faster and more efficient deliveries, being right in the centre of our major customers. Both the plants have high-quality top-grade assets and infrastructure.

We mobilised around ₹ 33 crore (till 31st March 2022) through a preferential issue with participation from, amongst

other investors, the promoter group and the fund will be utilised for future acquisitions. Raising funds through the preferential route is the most optimal for our minority shareholders, protecting against any value dilution. We have many longstanding shareholders who've been a part of our journey for many years now and we respect their conviction and attachment.

On the market front, within the existing environment, it will be essential to create demand and grow our share of the market. A major support here is some spare capacity available at our main rolling mills. The overall market for foil consumption in India stands at about 7,000 MT per month, comprising around 4,000 MT consumed by pharma companies and the rest by other non-pharma players, such as FMCG, etc. While our converted or value-added product sale stands at 500-550 MT per month, bare foil or unconverted product dispatches stand at 300-350 MT, with both supplied to pharma customers. To start with, we'll divert about 100 MT of bare foil towards value-added processing at our newly acquired plant and subsequently increase this as we acquire new capacities. We also export 200 MT of standard and value-added products to 22+ countries abroad. With pharma consumption at 4,000 MT and our supplies at about 800-850 MT, we have only about 20-21% of the market and can scale this up with acquisitions, even as we rise up the value addition hierarchy by transforming our product profile and thus become a more integrated part of their supply chain.

Going forward, we will continue to build on our story as a model grassroots industrial establishment that has achieved hard-fought success and in doing so has put this small village in rural Rajasthan firmly on India's map as a global supplier of specialty aluminium products, thus adhering to the government's vision of Make in India and Atmanirbhar Bharat.

Acknowledgements

We are no strangers to challenge and seeing through a difficult year was par for the course. We demonstrated a fighting spirit and this is visible in our exceptional performance for the year.

My team did an outstanding job in responding to the external stress and I deeply appreciate their commitment and hard work. The members of the Board have always been a source of strength to me. I acknowledge the counsel received from them to steer the Company during difficult times and thank them for their valuable input. Our suppliers, who are true collaborators, continued to extend their fullest support and ensured supply continuity and customer satisfaction, despite constraints. While thanking them, I am assured of their continued partnership to take PGF to greater heights.

In closing, I thank you for being a part of our journey that has been about persistency, grit, hard work and determination in creating something precious – shared prosperity.

Best wishes to you and your family,

Manufactured Capital

Our Manufactured Capital comprises our integrated production assets at our Pipaliya Kalan industrial facility. It also comprises our warehouses that are crucial for safe product stocking, storage and dispatch.

Statement on Manufacturing Excellence

Mahaveer Raj Jain
 EXECUTIVE DIRECTOR, OPERATIONS

“Through our longstanding presence and specialist capabilities, we have demonstrated avant-garde manufacturing excellence not only in the aluminium packaging sector of India, but also in the world. It is a matter of pride for us to have set industry benchmarks in product design and manufacturing that ultimately benefits our customers. Further, we draw satisfaction that through pioneering domestic manufacturing of a specialty product we have contributed to import substitution, while ensuring higher self-reliance in meeting critical demand for medicines, food items, etc.”

Key objectives

- Enhance value-addition
- Maximise asset utilisation
- Optimise production efficiencies and costs
- Lower consumption of key resources, such as aluminium, energy and water
- Ensure ongoing supervision and stock-taking for alignment with performance targets

Our integrated assets – from raw aluminium to specialty value-added packaging

Specialising in multilayer laminated and multicolour printed flexible packaging materials, we update our technology through debottlenecking to enhance capacity as well as ensure that our products are geared to perform in modern equipment and machines. Our integrated manufacturing facility with PLC-controlled machinery and equipment comprises various sections, which have been described below:

- Two high-speed and four high rolling mills from Acenbach, Germany, having rolling accuracy with auto gauge control and auto flatness system
- Two high-precision foil separators from Smutze, USA, with online ultrasonic welding
- Three breakdown and four high-rolling mills from Davy United, UK
- Poly laminators from Kampf, Germany and Black Clawson from Italy
- Extrusion laminating machines from Nakajima, Korea, and dry bond laminators from Sungun, Korea
- Nine and eight-colour printing machines from Sungun, Korea
- Slitting machines from Sungun, Korea
- Heavy gauge lamination machines

Our in-house support facilities enable production under one roof and help us directly control quality and cost- from raw material stage right through to finished products. These facilities are:

- Electronic artwork preparation unit
- Roll grinding unit
- Chemical mixing unit for uniform coating
- Co-extruded poly film unit
- Printing cylinder processing unit
- Captive power generation
- Truck fleet for seamless outbound / inbound delivery
- Enterprise resource planning (ERP)

Manufacturing excellence Integration

Strong integration with assembly-like operations facilitates cost efficiency and quality assurance, enabling us to meet diverse demand quantity from 1 ton to 100 tons per month.

Localisation

We are committed to localisation for equipment upgrade and maintenance that provides stronger operational control.

Product development

New product development is an important part of our strategy and we have developed capabilities that enable us to create samples exactly as per customer specifications and hence meet new product launch timelines.

Product testing infrastructure

We possess a well-equipped testing facilities. For instance, we are the only in India to possess online pin hole testing equipment as well as remote print control technology enabling online inspection.

Utility

Solar power energy

We are among the few industrial facility in our sector to use green energy through our 2 MW solar plant that enables us to lower our total cost of electricity. Installation of another 1 MW is in progress that will further help lower electricity cost.

Safety

Our plant possesses state-of-the-art fire hydrant systems and quick response for safeguarding people and assets in case of any extraneous events.

Recycling

We place emphasis on re-use and re-utilisation of aluminium scrap and waste through producing our “Miracle” brand of foils made for household purposes.

Forward plans for 2022-23

- Integrate acquired facilities and scale their production
- Diversify into polyester-based products
- Manufacture constantia flexible covers used in specialised packaging, such as preservation of meat and fish, vegetables and fruit, ready meals, etc.

Financial *Capital*

Major strengths

- Strong balance sheet with net debt-free status
- Sound credit profile
- Robust liquidity
(₹ 2,188.10 lacs cash/cash equivalent)
- Judicious capital management strategy

Our Financial Capital comprises the pool of funds available to us for deployment, which includes debt, retained earnings and equity funding. How we allocate and utilise our Financial Capital is fundamental to our ability to create sustained value for our stakeholders.

Statement on Financial Excellence

Naveen Jain
CHIEF FINANCIAL OFFICER

“Our financial strategy during the year was anchored on planning, forecasting and taking prudent decisions rooted in long-term thinking. We ensured adequate liquidity buffers to tide over any difficult situations. Another lever that we harnessed was overall cost curtailment, without touching salary costs, to ensure that our business was aligned with the times. These initiatives enabled the Company to report profits for the year 2021-22, despite the year being a truncated one on account of the severe second and mild third wave of the coronavirus. In a major opportunistic call we purchased inventory at USD 3,200-3,400 per MT when aluminium LME prices were at their lowest range, thus securing almost 7 months of production. This advance purchase attests to our financial strength and will help us further improve our margins. We are also focusing on improved production planning to lower bare foil production and divert to value-added products that will improve our margin and profit profile over time. Yet another driver of our performance is our acquisitions that will have a higher additive impact on overall profitability.”

Human Capital

Our Human Capital is composed by our people who are the heart of our Company. Their knowledge, skills, perseverance, enthusiasm, passion, hard work and commitment to our purpose ensure that we remain growth-oriented and sustainable for the long-term.

Statement on People Excellence

Ashok Singh
 MANAGER, HR

“While fostering a meritocratic and inclusive shopfloor culture, PGF empowers its workers irrespective of their ethnicity, religiosity or gender. We provide equal opportunity to all. We continually engage with our human resources and show solidarity through genuine care and empathy. This was truly reflected in full job protection at the Company, with salaries also remaining untouched even amid the challenging conditions of the pandemic. In effect, while cutting down on employees as a means to shed costs was prevalent elsewhere, at PGF, none of our employees lost their job on account of the COVID crisis. We also made our employees more aware about the pandemic through conducting sessions with health care professionals, while also ensured their physical safety and wellbeing through making provisions for masks, hand sanitisers, arrangement of oximeters and cylinders, etc.”

Key objectives

- Talent futurisation to ensure relevance for tomorrow
- Investing in our people through training, skills building and capacity development
- Fostering a diverse and inclusive culture with high ownership
- Offering a fulfilling, rewarding and cordial work environment

Employee support amid COVID

Our people skills, proficiency, experience, commitment and concern to look after each other comprises our most valuable asset. Our top priority at the outset of the pandemic was to protect the health, safety and wellbeing of our employees. Key actions included:

- COVID-secure measures were put in place at the office and shopfloor, including additional hand sanitiser stations
- Financial support was extended to employees to enable them to tide over any emergency financial challenges
- Ensured no salary deductions or retrenchment, thereby reinforcing our deep relations with our employees
- Created awareness around the importance of vaccination, with the result that almost 100% of our staff has been fully vaccinated (as on 31 March 2022)

Occupational health and safety (OHS)

We improve the health and safety of our workforce through well-structured policies, programs and actions. Efficient and effective safety practices enable us to avert any untoward incidents and accidents, thus fostering a safe environment for all. Some of the benefits of health and safety management at the Company are given below:

- Induces a safety culture leading to a safe work zone
- Reduces chances of accidents, thus protecting lives
- Ensures healthier mental and physical conditions of employees
- Increases confidence of employees
- Increases workforce productivity
- Enhances Company's reputation and image

Intellectual *Capital*

Our Intellectual Capital refers to the knowledge and capability intrinsic to our organisation. It comprises the DNA of our Company and how we do business.

Statement on Intellectual Excellence

Pushendra Kumar Mewara
HEAD, SALES AND MARKETING

"We believe innovation and relationships are the major drivers of long-term value creation and to remain competitive we encourage the experimentation, creativity and flexibility that promote innovative thinking. A critical feature of our Intellectual Capital is that we are one of the longstanding players in the business and this spawns from our ability to create high-quality products day in and day out that meet the exacting specifications of our customers. On the face of it we roll aluminium into fine value-added products. But go deeper and one will discover how we have built mastery in a process in which many have either failed completely or have failed to scale up. I feel this boils down to deep intimacy with our assets and machinery on the one hand and deep association we have created with our customers on the other. This is the foundation of our Intellectual Capital."

Principal objectives

- Formulate future-facing business strategies and follow it up with execution agility and excellence
- Challenge our Intellectual Capital to explore new growth ideas and opportunities
- Integrate sustainable thinking in everything we do
- Consider ESG factors and future sustainability in our decision-making
- Implement transparent governance practices to safeguard stakeholder interests

Progress achieved

- We have won the trust of several large and global customers across a wide number of sectors and industries who have reposed their faith in our products for the last many years
- We launched 9 new products over the past four years, thus becoming a key development and supply chain partner for our customers
- We possess deep understanding of the manufacturing process and through our experience are able to quickly address machinery / process issues, thus ensuring continuity of our assembly line and dependable customer service
- By virtue of a multidecade and globalised presence in the business, we have the experience of aluminium price forecasting and take opportunistic calls accordingly

Social and Relationship *Capital*

Our manufacturing site is entrenched in the community. As a result, we see our Social and Relationship Capital as the link between our presence and the broader society.

Key objectives

- Enhance value-addition
- Maximise asset utilisation
- Optimise production efficiencies and costs
- Lower consumption of key resources, such as aluminium, energy and water
- Ensure ongoing supervision and stock-taking for alignment with performance targets

Managing during COVID-19

- We focused on accelerating our involvement and engagement in the communities around our plant's vicinity to extend help and support during the COVID-19 emergency
- We facilitated the conversion of our hospital into an isolation and quarantine facility and thereafter into a vaccination centre
- We mobilised food and ration support for vulnerable communities

Our main CSR focus areas

COMMUNITY SUSTENANCE

Community sustenance

Our community sustenance initiatives help in creating harmonious relations with the local communities in and around our operations, while uplifting their lives and livelihoods. We understand the needs of the people who live in adjoining areas around our plant and extend a helping hand whenever needed. Specifically amid the COVID-19 pandemic, we organised relief programs to ensure basic sustenance for low-income families.

We focus on the health, safety and wellbeing of our people, especially those working on the shopfloor and mandate the use of personal protective equipment during work. We also provide equipment, such as gloves, helmets, safety harnesses, etc., so that they can remain safe and protected at all times. Moreover, we also build awareness around proper and safe working practices to avert any accidents or disasters.

HEALTH CARE

Health care

As part of our focus on better healthcare, a charitable hospital is run under Paras Raj Bohra Memorial Trust, which was established in the memory of our late Founder. This allopathic fully charitable hospital called Nanesh PG Memorial Hospital renders free consultation and medication to all those in need. The hospital has an OPD and also conducts small operations while also having a dentistry practice. Over 15,000 people benefitted from the hospital in 2021-22. The hospital has plans to install an MRI, CT scan and sonography unit that patients can avail free of charge. A total of ₹ 1.13 crore has been donated to Paras Raj Bohra Memorial Trust over the last 3 financial years and ₹ 38.10 lacs was contributed in financial year ended 31st March 2022 under the CSR scheme by the Company to enhance medical facilities of the town.

Education

Education is the cornerstone of social and societal progress. With this belief, we have constructed and donated a school in Pipalia Kalan that is attended by 700+ children. We also offer scholarships to meritorious students.

EDUCATION

National emergency and disaster relief

We possess a well-equipped testing facilities. For instance, we are the only in India to possess online pin hole testing equipment as well as remote print control technology enabling online inspection.

NATIONAL EMERGENCY AND DISASTER RELIEF

Maximising impact through partnerships

With a view to maximise our social impact and create durable and long lasting value, we encourage employee volunteerism in community service.

MAXIMISING IMPACT THROUGH PARTNERSHIPS

The trust has also contributed to the development of five fully-equipped mobile hospitals (buses converted into hospitals) with operation theatre, pathological services, etc., to offer free medical services right at the doorstep of people, especially those living in remote areas for whom accessing a hospital is difficult. The mobile vans are also deployed to conduct general health check-up camps at a frequency of about 5 every month.

Our approach *to ESG*

Statement on Intellectual Excellence

Sakshi P. Shah
 DIRECTOR

“We are on a journey towards meaningful ESG (environmental, social, governance) integration within our business operations and within our existing and future plans and investments. While we were busy in navigating the turmoil of COVID-19, we were also cognisant that 2021-22 was a year of opportunity to rethink business-as-usual strategies, internally introspect and create a long-term ESG roadmap. As the impact of climate change and inequality become more evident, the need for all stakeholders to ensure common cause, understanding and purpose, and to avoid damaging the environmental and social status for future generations has become an imperative. Our long-term ESG strategy involve strengthening our internal policies on governance and climate action as well as contribution to the United Nations’ Sustainable Development Goals (UN SDGs). We recognise that people are the enablers of our business and a critical resource in fulfilling our ESG objectives and they have to be supported in the journey.”

ESG

Environmental

- We are dedicated to reducing our environmental / carbon footprint
- We are anchoring our identity and reputation more firmly on clean and sustainable manufacturing and industrialisation
- We have made consistent investment in machinery and technology that has enabled us to reduce pollution and ensure improved alignment with environmental norms
- Our 2 MW solar power plant enables us to meet some part of our energy requirements and helps lower electricity costs
- We focus on wastage elimination and have processes for waste re-use and re-utilisation in ensuring resource circularity

Social

- We are reinforcing the value of our 'social contract' comprising the bonds we have been able to forge with our employees
- We assured employment security and did not effect any cuts in salary nor enforced retrenchment
- We showed solidarity with the community around our operations during peak COVID-19 through voluntary citizenship
- We extend healthcare support to needy communities through the Nanesh PG Memorial Hospital that is run by us and dispenses free services and medicines

Governance

- We are committed to ethical business practices
- We bolster business ethics and compliance via regular training and through ensuring alignment with best practices in business conduct
- We safeguard the business from bribery, corruption and fraudulent activities through ongoing vigilance
- We encourage whistle-blowing to bring to light any malpractice, thus protecting our brand and reputation

MANAGEMENT DISCUSSION AND ANALYSIS

The management of PG Foils Limited presents the analysis of performance of the Company for the year 2021-22 and its outlook for the future. Though the outlook is based on assessment of the current business environment, it may vary due to future economic and other developments.

Industry scenario

Aluminium plays a major role in the modern world through its innumerable applications, right from kitchenware to electric conductors and from railway wagons to spacecrafts. Because of its intrinsic and versatile properties of lightness, strength-to-weight ratio, corrosion-resistance, electrical and thermal conductivity, non-toxicity, etc., a wide range of uses has opened up for this metal. Aluminium as a packaging material is unmatched owing to its lightweight, hygiene and non-contamination properties, which eventually results in longer shelf-life of end products.

Aluminium foil is a thin sheet of metal. As such, it is an absolute barrier to moisture, gases, odors, bacteria and moulds. Further, the high reflectivity of aluminium ensures good protection against radiant heat, whilst its opacity is important in preventing deterioration of a large range of foods and beverages, which are affected by light. It is used for packaging and non-packaging applications. The growth of the industry has been strong in the recent past owing to the growing application of foil in a variety of products.

India is one of the key producers of aluminium foil, with over 70% of it used in packaging applications in such industries as pharmaceuticals, beverages, personal care and food and non-food products. Semi-rigid containers and house foil are the principal applications of aluminium foil in India in the packaging sector. With strong projected GDP growth and rise in per capita and disposable income, the prospects of the aluminium industry are bright.

Future outlook

Aluminium faces a unique supply-demand equation, with stable demand and supply that is in excess of demand. Demand for aluminum in India is estimated to grow at 6-8% per annum in view of the low per capita consumption in India and expansive application of aluminium. Competition is primarily based on quality and price, as aluminium being a commodity, differentiation is difficult. However, the recent spate of industry consolidation has somewhat reduced competitive pressure. Further, increasing value addition of aluminum products has helped some companies protect themselves from high volatility and ensure stability in prices and profitability.

Operational performance

During the year, your Company achieved a gross turnover excluding trading turnover of Rs. 339.54 crores, vs. Rs. 239.05 crores in the previous year. Further, production for the year stood at 8,348.963 MT, as against 7,284.41 MT in 2020-21.

Financial performance

Your Company achieved a profit before tax of Rs. 62.80 crores in 2021-22, as compared to a profit of Rs. 19.38 crores in the previous year, mainly due to rise in volumes as well as stability in prices.

Resources and liquidity

Your Company continues to maintain a conservative financial profile. The Company has sufficient working capital limits of Rs. 115 crores from its banking consortium at concessional and competitive rates. Presently, your Company is not availing of any cash credit facility due to ample liquidity. Cash flow of the last two years is sufficient to extinguish the Company's entire debt. This was achieved in part due to the Company making the most of local purchases on cash basis at discounted rates, but overseas purchases on credit via cheaper interest rates under buyer's credit facility.

Opportunities and outlook

Your Company has the opportunity to increase production and sales turnover due to acceptance of product by most of the major pharma companies in its key markets of India and abroad and closure of a few foil manufacturers in the country. Your Company also sees opportunity in margin profile improvement due to the possibility of imposition of anti-dumping duty.

Threats

Due to the decline in metal and granule rates with the softening of commodity prices, some customers may ask for rate reduction. Furthermore, increasing import activity from China and other countries at lower rates is a threat to the domestic industry in the absence of anti-dumping duty imposed by the government.

Risks and concerns

The robust risk management framework of your Company ensures regular review by the management to proactively identify emerging risks, engage in thorough risk evaluation and risk prioritization along with development of risk mitigation plans and actions to minimise the impact of the risk. The framework requires that our Risk Management Committee be periodically inform about risk minimisation procedures adopted by your Company. These processes are also periodically reviewed by the management. The various risks, including risks related to the economy, regulation, competition, technology, etc., are well-documented, monitored and managed efficiently.

Your Company faces risk similar to those faced by companies operating in the non-ferrous metal sector. Volatility of the primary metal comprising LME-linked prices on account of fluctuation in USD and LME continues to be a key issue and success or failure is linked to how effectively companies are able to manage their purchase to tide over these critical periods. The Company is also exposed to risk from fluctuations in foreign exchange, as nearly 95% of foil stock purchase is linked to the USD rate. Profitability may also be affected due to competition from existing and prospective manufactures of the same products and cheap imports from China.

Exports

The Company's contribution to foreign exchange earnings amounted to Rs. 2,865.48 lacs during the year under review and total foreign exchange utilised by the Company amounted to Rs. 9,647.71 lacs, the details of which are provided in annexure to the Director's Report. The Company is presently exporting to various countries and further trying to increase exports to developed countries. The Company has already appointed a senior professional for development of the export market and is concentrating on the Bangladeshi foil market and expects to achieve almost two-thirds of foil market share in the coming years.

Human resources

The human resource philosophy and strategy of your Company is to attract and retain the best talent, be an employer of choice and create a holistic workplace environment where employees get the opportunity to realise their potential. Companies are judged on career growth prospects, rewards, work-life balance, performance evaluation and stability. Considering the long-term business goals, your Company has thus ensured that its human resources strategy is in line with and complementary to the business strategy. Moreover, your Company has followed a conscious policy of providing training to the management staff through in-house and external programmes for upgrading their personal and technical skills in relevant areas of functional disciplines.

It is your Company's belief that people are at the heart of the business and constitute the primary source of sustainable competitive advantage. The thrust of your Company's human resource development efforts therefore is to create a responsive and market-driven organisation that is geared to meet corporate goals and objectives. Your Company continues its focus on strengthening its competitiveness in all its business activities. Thus, with a strong, able and loyal manpower base, your Directors look forward to the future with confidence and optimism.

Internal control system

The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. The internal controls cover operations, financial reporting, compliance with applicable laws and regulations, safeguarding assets from unauthorised use and ensure compliance. The Audit Committee of the Board of Directors also periodically reviews audit plans, external auditor observations and recommendations, significant risk area assessments and adequacy of internal controls.

Cautionary statement

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may constitute a "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic markets in which the Company operates, changes in the government regulations, tax laws and other statutes and other incidental factors.

IMPACT OF GLOBAL CRISIS: COVID-19

The Company has assessed the impact of the pandemic on its business operations and has considered all relevant internal and external information available up to the date of approval of these financial results in determination of the recoverability and carrying values of financial assets and non-financial assets.

The impact of the surge in Covid-19 pandemic on the overall economic environment has receded to a great extent. Your Company is conscious of the significant disruption and impact COVID-19 can have on employees, clients, partners, investors and the communities in which we operate. We are working hard to contain and mitigate its impact.

The Company continues its business activities, in line with the guidelines issued by the Government authorities, take steps to strengthen its liquidity position and further explore cost restructuring exercise. The Company does not foresee any challenges in its ability to continue as going concern or meeting its financial obligations.

Independent Auditors' Report

To the members of PG Foils Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **PG FOILS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the **Auditor's Responsibilities for the Audit of the Financial Statements** section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that these are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this Auditor report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance

with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

Note No. 48 to the financial statement which describes that FDR investment of Rs. 69.00 cr made by the company with Dhanlaxmi Bank Ltd had been misappropriated by various parties including the officials of the said bank. As represented to us by the management the case is under investigation with Competent Authority/Economic Offence Wing, Mumbai. Seeking to the merit of the case will be in favour of company and it will be able to receive all sum misappropriated. Based on this, the company has not made provision. The final determination of the said investment amount would depend upon the final decision of the appropriate authorities in future. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial (Refer to Notes on Account 37)
 - ii. There are no material foreseeable losses, on long term contracts including derivative contracts requiring provision under applicable law or accounting standard.
 - iii. There were no amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The dividend declared and paid by the company during the year is in accordance with Section 123 of the act.
2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure - A to the Auditors' Report, Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **PG FOILS LIMITED** ("the Company") as of 31st March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial Controls over financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- ii) (a) According to the information and explanation given to us and on the basis of our examination of the records of the company, physical verification of the inventory has been conducted at reasonable intervals by the management and discrepancies noticed which were not material in nature have been properly dealt with in the books of accounts.
- (b) The Company has been sanctioned working capital limits in excess of Rs.5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets, and quarterly returns or statement of current assets filed by the company with the bank are generally in agreement with the books of accounts of the company. No material discrepancies were noticed on such verification.
- iii) According to the information and explanation given to us, during the year the company has not made investment in, provided in guarantee or security or granted any loans or advances, in the nature of Loan, secured or unsecured, to companies, firm or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, reporting under clause 3(iii) of the order is not applicable to the company.
- iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees and securities granted during the year in respect of which provisions of section 185 and 186 of the Companies Act, 2013 are applicable.
- v) The Company has not accepted any deposits or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi) We have broadly reviewed the books of accounts maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie the prescribed accounts and records have been made and maintained, however, we have not made a detailed examination of such cost records.
- vii) In respect of Statutory Dues:
 - a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and services tax, provident fund, Employees State insurance, Income tax, Sales Tax, duty of Custom, duty of Excise,

value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Services Tax, provident Fund, Employees State Insurance, Income Tax, sales Tax, Service Tax, duty of custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

- b) According to the records of the Company, the dues outstanding of Customs and Income Tax on account of any dispute, are as follows:

Name	Nature of dues	Period of which relates	Amount (Rs.)	Interest (Rs.)	Amount deposited (Rs.)	Forum which it is pending
Custom Act, 1962	Safeguard Duty & Valuation	2009-10	1,25,76,869/-		97,44,034/-	Stay granted in Hon'ble High Court Mumbai and case still pending
Income Tax Act, 1961	Difference of Income Tax	2016-17	53,29,282/-		NIL	Appeal filed before CIT appeal, Ahmedabad
Income Tax Act, 1961	Difference of Income Tax	2017-18	21,35,739/-		NIL	Appeal filed before CIT appeal, Ahmedabad

- ii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 Of 1961) .
- iii) a) The Company has not defaulted in repayment of loan or borrowing to a financial institution or bank, government.
 b) The Company has not been declared willful defaulter by any bank or financial institution or government or any other authority.
 c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year.
 d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long- term purposes by the Company.
 e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
 f) The Company has not raised any loans during the year on the pledge of securities held in its wholly owned subsidiary company.
- ii) a) The Company has not raised money by initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
 b) In our opinion and according to the information and explanations given to us, the Company has utilised the money raised by way of preferential allotment of shares for the purposes for which they were raised. The Company has not made private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- iii) a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 b) No report under sub section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year upto the date of this report.
 c) As represented to us by the management there are no whistle blower complaints received by the Company during the year (and upto the date of this report).
- iv) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- v) In our opinion, the Company is in compliance with the Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

- vi) a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- vii) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- viii) a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a),(b) and (c) of the Order is not applicable.
b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- ix) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- x) There has been no resignation of statutory auditors of the Company during the year.
- xi) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of audit report indicating that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xii) a) There are no unspent amounts towards Corporate Social Responsibility (CSR). Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.

The financial statements of the company for the year ended 31st March 2022 were approved and authorized for issue by board of directors in their meeting held on 30.05.2022"

B. SIGNIFICANT ACCOUNTING POLICIES

STATEMENT OF COMPLIANCE

The Financial Statements have been prepared in accordance with Companies Act 2013, Indian Accounting Standard and complies with other requirements of law and were authorised for issue in accordance with a resolution of the Board of Directors of the company passed on 30.05.2022

C. BASIS OF PREPARATION

a) The financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values. The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the financial statements and notes are in INR and all values are rounded to the nearest lakhs (INR 00,000) except when otherwise indicated.

b) Classification of Assets and Liabilities into current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current/ non-current classification.

As asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets including Deferred tax assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities including Deferred tax liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

c) Use of judgements, estimates and assumptions

The preparation of the company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The following are the key assumptions concerning the future, and other other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in :-

- i) Estimation of uncertainty related to Global Health Pandemic from COVID-19

The Company has considered the possible effects that may result from pandemic relating to COVID-19 on the carrying amount of financial assets including Trade Receivables. In developing the assumptions relating to the possible future uncertainties in global economic conditions because of the pandemic, the Company as at the date of approval of these financial statement has used internal and external source of information, on the expected future performance of the company and based on estimates the company expects that the carrying amount of financial assets will be recovered and the company do not expect any significant impact of COVID-19 on the company's financial statement as at the date of approval of these Financial Statements.

Notes to Financial Statements For The Year Ended 31 March 2022

- ii) Lease: The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The company determines the lease term as the non-cancellable period of lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In exercising whether the company is reasonably certain to exercise an option to extend a lease or to exercise an option to terminate the lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease or to exercise the option to terminate the lease. The company revises lease term, if there is change in non-cancellable period of lease. The discount rate used is generally based on incremental borrowing rate.

- iii) Useful life of property, plant and equipment and intangible assets: The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately, the equipment may continue to provide useful service well beyond the useful assumed.
- iv) Fair value measurement of financial instruments: When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.
- v) Impairment of financial and non-financial assets: The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.
- vi) Taxes: Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statutes by the government etc.
- vii) Defined benefit plans: Gratuity payable to employees is provided on the basis of premium paid under group gratuity scheme with Life Insurance Corporation of India.
- viii) Provisions:
- (1) Provision for Leave encashment has been made on accrual basis on leave un-availed as on 31.03.2022.
 - (2) Service awards have been adjusted/accounted on the basis of completed months of service provided by employees.
- ix) Contingencies: A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

d) Property, Plant and Equipment

- (i) Property, plant and equipment situated in India comprising land other assets namely Building, Plant & Machinery, Office equipment etc, the company has elected to continue with the carrying value as its deemed cost on 1.4.2016 measured as per previous GAAP and use that carrying value as its deemed cost as on the transition date. The cost of Tangible assets comprises its purchase price, borrowing cost, any other cost directly attributable to bringing the assets into present location and condition necessary for it to be capable of operating in the manner intended by the Management, initial estimation of any de - commissioning obligations and finance cost.
- (ii) Depreciation
Depreciation on Fixed Assets is provided on Straight Line Method over their useful lives and in the manner specified in Schedule II of the Companies Act, 2013.
Depreciation on Fixed Asses is provided on Written Down Value Method over their useful lives and in the manner specified in Schedule II of the Companies Act,2013. Property, Plant & Equipmet which are added/disposed off during the year the depreciation is provided on pro rata basis with reference to month of addition/deletion.
- (iii) Component Accounting
When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise,

Notes to Financial Statements For The Year Ended 31 March 2022

when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

- (iv) Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/ erection.
- (v) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.
- (vi) The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

e) Investment properties:

Investment properties consists of investments in land and buildings that are held to earn rental income or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business. Investment property is stated at cost less accumulated depreciation and impairment losses. Depreciation on building is provided over the estimated useful lives as specified in Schedule II to Companies Act, 2013. The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

f) Intangible assets:

- (i) Intangibles assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible assets with finite useful lives are capitalized at cost and amortized on a straight-line basis over a period of 10 years.
- (ii) Software:- Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit and loss in the period in which the expenditure is incurred. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. Intangibles assets with indefinite useful lives (like goodwill, brands), if any are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite life is made on prospective basis.

g) Research and development cost:

1) Research Cost:

Revenue expenditure on research is expensed under the respective heads of accounts in the period in which it is incurred.

2) Development Cost:

Development expenditure on new product is capitalised as intangible asset, if technical and commercial feasibility as per IND AS 38 is demonstrated.

h) Inventories:

- i) Raw materials, Packing materials, Stores and Spares and fuel are valued at lower of cost (on first in first out basis) and net realisable value.
- ii) Stock in process is valued at lower of cost (on first in first out basis) and net realisable value.
- iii) Finished goods and stock in trade are valued at lower of cost and net realisable value.
- iv) Scrap is valued at estimated realisable value.
- v) Export Goods in transit valued at sales value including freight thereof.
- vi) Stock in transit valued at purchase price including clearing expenses, custom duty paid and incidental expenses thereto.
- vii) Cost for this purpose includes direct material, direct labor, other variable cost and manufacturing overhead based on normal operating capacity
- viii) Net realisable value is estimated selling price in the ordinary course of business less estimated cost of completion and selling expenses

Notes to Financial Statements For The Year Ended 31 March 2022

i) Cash and cash equivalents:

Cash and cash equivalents are financial assets. Cash and cash equivalents consist of cash and short-term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase and are carried at cost plus accrued interest.

ii) Cash Flow Statement

Cash Flow are reported using indirect method, whereby profit for the year is adjusted for effects of transactions of non cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing, and financing activities of the company are segregated.

iii) Bank Balances Other than above

Dividend Escrow account balance, deposit more than 3 months but not more than 12 months with bank, deposit with bank as margin money for guarantees issued by bank, deposits kept as security deposit for statutory authorities are accounted as bank balance other than cash and cash equivalent.

j) Financial instruments:

A financial instrument is any contract that at the same time gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized as soon as the company becomes a contracting party to the financial instrument. In cases where trade date and settlement date do not coincide, for non-derivative financial instruments the settlement date is used for initial recognition or derecognition, while for derivatives the trade date is used. Financial instruments stated as financial assets or financial liabilities are generally not offset; they are only offset when a legal right to set-off exists at that time and settlement on a net basis is intended.

1) Financial assets:

Financial assets include trade receivable, cash and cash equivalents, derivative financial assets and also the equity / debt instruments held. Initially all financial assets are recognised at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for those financial assets and their contractual cash flow characteristics. Subsequently, based on initial recognition/ classification, where assets are measured at fair value, gain and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

(a) Trade receivables:

Trade receivables are recognised initially at fair value and subsequently measured at amortized cost less credit loss/impairment allowances.

Receivables that do not bear interest or bear below market interest rates and have an expected term of more than one year are discounted with the discount subsequently amortized to interest income over the term of the receivable.

Impairment is made on the expected credit losses, which are the present value of the cash deficits over the expected life of receivables. The estimated impairment losses are recognised in the Statement of Profit and Loss. Subsequent changes in assessment of impairment are recognized in the Statement of Profit and Loss as changes in estimates.

(b) Loans, Debts & other financial assets

Loans and other financial assets are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and other financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

(c) Investment in equity shares and mutual funds:

Investment in equity securities and mutual funds are initially measured at fair value. Any subsequent fair value gain or loss for investments held for investment is recognized through Other Comprehensive Income. Any subsequent gain or loss for investment held for trading are recognized through Statement of Profit and Loss.

(d) Investment in associates, joint venture and subsidiaries:

The Company's investment in subsidiaries and associates, joint venture are carried at cost except where impairment loss recognised.

2) Financial liabilities:

Financial liabilities such as loans and borrowings and other payables are recognized initially on the trade date, which is the date that the Company becomes a party to the contractual terms of the instrument. Financial liabilities other than fair valued through profit and loss are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Transaction costs of financial liability carried

Notes to Financial Statements For The Year Ended 31 March 2022

at fair value through profit or loss is expensed in profit or loss. The Company derecognizes a financial liability when its contractual obligations are settled or cancelled or expired.

a) Financial liabilities at fair value through profit or loss:

It include financial liabilities held for trading and are designated such at initial recognition. Financial liabilities are held for trading if they are incurred for the purpose of repurchasing in near term and also include Derivatives that are not part of an effective hedge accounting in accordance with IND AS 109 , classified as “held for trading” and carried at fair value through profit or loss. Financial liabilities at fair value through profit or loss are measured at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

b) Financial liabilities measured at amortised cost

Post recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method (“EIR”). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

c) Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

d) Financial guarantee contracts:

As per IND AS -109 “Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument.”

e) Initial recognition

The date the company becomes a party to the irrevocable commitment is considered to be the date of initial recognition and Financial guarantee contracts are recognised as liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

f) Trade and other payables:

A payable is classified as ‘trade payable’ if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. Trade accounts payable and other non-derivative financial liabilities are in general measured at amortized cost using the effective interest method. Finance charges, including premiums payable on redemption or settlement, are periodically accrued using the effective interest method and increase the liabilities’ carrying amounts unless they have already been settled in the period in which they were incurred.

k) Impairment of non-financial assets:

At each reporting date, the company assesses whether there is any indication that a non-financial asset may be impaired. If any such indication exists, the recoverable amount of the non-financial asset is estimated in order to determine the extent of the impairment loss, if any.

Recoverable amount is determined:

- In the case of an individual asset, at the higher of the Fair Value less cost to sell and the value in use: and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit’s fair value less cost to sell and the value in use.

Where it is not possible to estimate the recoverable amount of an individual non-financial asset, the company estimates the recoverable amount of the smallest cash generating unit to which the non-financial asset belongs. The recoverable amount is the higher of an asset’s or cash generating unit’s fair value less costs of disposal and its value in use. If the recoverable amount of a non-financial asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the non-financial asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognized immediately in the statement of Profit and Loss. Where an impairment loss subsequently reverses, the carrying amount of the non-financial asset or cash generating unit is increased to the revised estimate of its recoverable amount. However, this increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for that non-financial asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized immediately in the statement of Profit and Loss.

l) Foreign currency transactions:

i) Functional and presentation Currency

The functional and reporting currency of company is INR.

ii) Transaction and Balances

- 1) Currency Transactions denominated in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions.
- 2) Monetary assets and liabilities denominated in such currencies are retranslated at the rates prevailing on the balance sheet date.
- 3) Profits and losses arising on exchange are included in the net profit or loss for the period. Pursuant to exemption given under IND AS 101 the company has continued the policy for accounting for amortization of exchange differences arising from translation of long-term foreign currency monetary items over the tenure of loan.
- 4) Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference."

m) Revenue recognition:

i) Sale of product and services:

- 1) The company derives revenue from sale of manufactured goods and traded goods. In accordance with Ind AS 115, the company recognise revenue from sale of products and services at a time when performance obligation is satisfied and upon transfer of control of promised products or services to customer in an amount that reflects the consideration the company expect to receive in exchange for their products or services. The company disaggregates the revenue based on nature of products/Geography."
- 2) Amount disclosed as revenue are inclusive of Excise duty and net of Goods and Service Tax (GST), returns, discounts, rebates.
- 3) Export sales are accounted for, on the basis of exchange rate of LEO Date (Let Export Order) of transactions and recognized as and when Risk & Rewards are transferred

- ii) Revenue from other activities: is recognized based on the nature of activity, when consideration can be reasonably measured. • Revenue is measured at the fair value (excluding Goods and Services Tax) of the consideration received or receivable, taking into account contractually defined terms of payment.

iii) Dividend income:

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

iv) Interest income:

- 1) For all Financial instruments measured at amortised cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in statement of profit and loss.
 - 2) Interest reeivable from Trade Receivables are accounted on receipt basis.
- v) Export incentive: Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are reasonably expected to be fulfilled.
- vi) Units generated on Enercon wind power plant has been accounted on the basis of effective tariff rate in respective month. Units generated on Suzlon wind power plant has been accounted at contract price on accrual basis.

n) Government Grant

- i) Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company has complied with all attached conditions.
- ii) Government grants relating to income are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.
- iii) Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.
- iv) In respect of Property, Plant and Equipment purchased under Export Promotion Capital Goods (EPCG) scheme of Government of India, exemption of custom duty under the scheme is treated as, Government Grant and is recognized in Statement of Profit and Loss on fulfillment of associated export obligations.

o) Employees Benefits:

i) Short term employee Benefit:

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

ii) Defined Contribution Plan:

Contributions to the Employees' Provident Fund and Employee's State Insurance are recognized as Defined Contribution Plan and charged as expenses in the year in which the employees render the services.

iii) Defined Benefit Plan:

The Leave Encashment and Gratuity are defined benefit plans. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each balance sheet date, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. Re-measurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability, are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods. Past Service cost is recognised in the statement of profit and loss in the period of plan amendment. Net Interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation under employee benefit expenses in the statement of profit and loss.

- Service costs comprising current service costs, gains and losses on curtailments and non-routine Settlements.
- Net interest income or expense.

iv) Long term Employee Benefit:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.

v) Termination benefits:

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (a) when the entity can no longer withdraw the offer of those benefits; and
- (b) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

p) Borrowing costs:

i) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

ii) All other borrowing costs are recognised as expense in the period in which they are incurred.

q) Leases:

In accordance with IND AS 116, the Company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payment made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any remeasurement of lease liability. The right of use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of use asset. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment. Right of use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If

Notes to Financial Statements For The Year Ended 31 March 2022

that rate cannot be readily determined, the Company uses incremental borrowing rate.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modification or to reflect revised- in-substance fixed lease payments, the company recognises amount of remeasurement of lease liability due to modification as an adjustment to right of use assets and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and there is further reduction in measurement of lease liability, the Company recognises any remaining amount of the remeasurement in statement of profit and loss.

The Company has elected not to apply the requirements of IND AS 116 to short term leases of all assets that have a lease term of twelve month or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on straight line basis over lease term.

r) Taxes on income:

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

i) Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

ii) Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority."

s) Provisions, Contingent liabilities, Contingent assets and Commitments:

i) Provisions:

The Company recognizes provisions for liabilities and probable losses that have been incurred when it has a present legal or constructive obligation as a result of past events and it is probable that the Company will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financing cost.

ii) Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation:
- A present obligation arising from past events, when no reliable estimate is possible:
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

iii) Other Litigation claims:

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

iv) Onerous contracts:

Provisions for onerous contracts are recorded in the statements of operations when it becomes known that the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

Notes to Financial Statements For The Year Ended 31 March 2022

v) Contingent Assets : Contingent Assets are not recognised but disclosed in the financial statements when an inflow of economic is probable

t) Exceptional Items:

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

u) Earnings per share:

Basic Earnings per share is calculated by dividing the profit from continuing operations and total profit, both attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. In case there are any dilutive securities during the period presented, the impact of same is given to arrive at diluted earning per share.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholder' and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

v) Segment accounting:

The company's business falls within a primary business segment viz "Manufacturing and Trading of Aluminium Foil in various forms".

w) Financial statement classification:

Certain line items on the balance sheet and in the statement of Profit and Loss have been combined. These items are disclosed separately in the Notes to the financial statements. Certain reclassifications have been made to the prior year presentation to conform to that of the current year. In general the company classifies assets and liabilities as current when they are expected to be realized or settled within twelve months after the balance sheet date.

x) Fair value measurement:

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability. Or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes in to account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

- Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Notes to Financial Statements For The Year Ended 31 March 2022

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Recent Accounting Pnouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under companies (Indian Accounting Standards) Rules as issued from time to time on 23rd March, 2022. MCA amended the companies (Indian Accounting Standards) Amendment Rules, 2022, as below

Ind AS 16- Property Plant and equipment- The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing. If any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets- The amendment specifies that the "cost of fulfilling" a contract comprises the 'costs that relate directly to the contract', Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 01st April, 2022, although early adoption is permitted, The company has evaluated the amendment and there is no impact on the financial statement.

Future salary increases	0.50%	Increase by	13.43	13.43	Decrease by	(12.60)	(12.60)

The above sensitivity analysis is based on a change in assumption while holding all the other assumptions constant. In practice, this is unlikely to occur, and change in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in balance sheet.

(xiii) Risk exposure

The gratuity scheme is a final salary Defined Benefit Plan that provides for lump sum payment made on exit either by way of retirement, death, disability, voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The plan design means the risk commonly affecting the liabilities and the financial results are expected to be:

- A) **Salary Increases:** Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
 - B) **Investment Risk:** If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
 - C) **Discount Rate:** Reduction in discount rate in subsequent valuations can increase the plan's liability.
 - D) **Mortality & disability:** Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
 - E) **Withdrawals:** Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
- b) **Leave Encashment (Unfunded)**
 The Leave Encashment liability of ₹ 64.41 lacs form part of long term provision ₹ 49.89 Lacs (PY ₹ 68.25 Lacs) and short term provision ₹ 14.52 Lacs (PY ₹ 16.96 Lacs) and is unfunded and does not require disclosures as mentioned in para 158 of Ind AS 19.

Notes to Financial Statements For The Year Ended 31 March 2022

The board of directors provides guiding principle for overall risk management, as well as policies covering specific area i.e. foreign exchange risk, credit risk & investment of surplus liquidity.

The companies risk management is carried out by finance department, accordingly, this department identifies, evaluation and hedges financial risk

A) Credit Risk

Credit risk is the risk of financial loss to the company, if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Credit Risk Management

The main source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit Approvals, establishing credit limits and continuously monitoring the creditworthiness of customer to whom credit is extended in normal course of business. The company estimates the expected credit loss on the basis of past Data and experience. Expected credit losses of financial assets receivable in next 12 months are estimated on the basis of historical date provided the company has reasonable and supportable date. On such an assessment the expected losses are nil or negligible.

Review of outstanding trade receivables and financial assets is carried out by management each quarter. The company do not have any doubtful debts hence, no provision for bad and doubtful debts have yet been made in accounts.

COVID-19: The Company do not envisage any financial difficulties resulting in additional credit risks higher than usual credit terms due to COVID-19 outbreak.

B) LIQUIDITY RISK

The companies principle source of liquidity are cash and cash equivalent and cash flows that are generated from operation. The company believes that its working capital is sufficient to meet its current requirement.

The table below summarises the company's liquidity position and its preparedness for likely variations in liquidity.

The Board of Directors have considered and decided to include item nos. 3 to 4 as Special Business as they are unavoidable in nature. The relevant details, pursuant to Regulations 26(4) and 36(3) of the Listing Regulations and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, ('ICSI') in respect of Director seeking re-appointment at this AGM is annexed.
4. In accordance with the Secretarial Standard - 2 on General Meetings issued by the ICSI read with Clarification/Guidance on applicability of Secretarial Standards - 1 and 2 dated 15th April, 2020 issued by the ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered office of the Company i.e. 6, Neptune Tower, Ashram Road, Ahmedabad-380 009 (Gujarat) which shall be the venue of the AGM. Since the AGM will be held through VC/OAVM, the Route Map is not annexed in this Notice.
5. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
6. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, the Register of Contracts or Arrangements in which the Directors are interested, maintained under Section 189 of the Act, will be available for inspection by the Members through electronic mode during the AGM. The aforesaid documents along with documents referred to in the Notice will also be available electronically for inspection by the Members, without payment of any fees, from the date of circulation of this Notice up to the date of AGM, i.e. Thursday, 29th September, 2022. Members seeking inspection of the aforementioned documents can send an email to pgfoils@pgfoils.in
7. The Company has listed its shares at:
 - a) BSE Limited,
Phiroze Jeejeebhoy Towers,
Dalal Street, Mumbai – 400 001.
 The listing fees of these Exchanges have been paid in time.
8. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for minimum 1,000 members on 'first come first serve' basis. This will not include large Shareholders (Shareholders holding 2% or more equity shares), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders' Relationship Committee, Auditors etc., who are allowed to attend the AGM without restriction on account of 'first come first serve' basis.

- Institutional/Corporate Shareholders intending to authorize their representatives to attend the meeting pursuant to Section 113 of the Act, are requested to email certified copy of the Board/governing body resolution/authorization etc., authorizing their representatives to attend and vote on their behalf at email ID pgfoils@pgfoils.in with a copy marked to evoting@cdsindia.com.

DISPATCH OF ANNUAL REPORT:

- In compliance with the aforesaid MCA Circulars and SEBI Circular dated 12th May, 2020, Notice of the AGM along with the Annual Report 2021-22 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/Depositories. Members may note that the Notice and Annual Report 2021-22 will also be available on the Company's website www.pgfoils.in, websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com, and AGM notice is also available on CDSL website, i.e. www.evotingindia.com.

DECLARATION OF RESULT:

- The Board of Directors has appointed Mr. Manish Sancheti, Proprietor, M Sancheti & Associates, Company Secretaries, as a Scrutinizer to scrutinize the remote e-voting process and e-voting at the AGM in a fair and transparent manner.
- The Scrutinizer shall, immediately after the conclusion of voting at the AGM, first count the votes cast during the AGM, thereafter unblock the votes cast through remote e-voting and make, not later than 48 hours of conclusion of the AGM, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairman or a person authorized by him in writing, who shall countersign the same.
- The result declared along with the Scrutinizer's Report shall be placed on the Company's website www.pgfoils.in and on the website of CDSL www.evotingindia.com immediately. The Company shall simultaneously forward the results to BSE Limited, where the shares of the Company are listed.

BOOK CLOSURE:

- The Register of Members and Transfer Books in respect of Equity Shares of the Company will remain closed from **Thursday, 22nd September, 2022 to Thursday, 29th September, 2022 (both days inclusive)**.
- SEBI has mandated the submission of PAN, KYC and nomination details by Members holding shares in physical form by 31st March, 2023. Shareholders are requested to submit their PAN, KYC and nomination details at the Ahmedabad office of the Company's Register and Transfer Agent "Bigshare Services Pvt. Ltd." or e-mail at bssahd@bigshareonline.com with e-signed documents. The forms for updating the same are available at Company's website, i.e. www.pgfoils.in. In case a holder of physical securities fails to furnish these details before the due date, the Company shall freeze such folios. The securities in the frozen folios shall be eligible to receive payments (including dividend) and lodge grievances only after furnishing the complete documents. If the securities continue to remain frozen as on 31st December, 2025, the Company shall refer such securities to the administering authority under the Benami Transactions (Prohibitions) Act, 1988, and/or the Prevention of Money Laundering Act, 2002. Members holding shares in electronic form are requested to submit their PAN to their Depository Participant(s).

UNPAID DIVIDEND & TRANSFER TO IEPF ACCOUNT:

- Pursuant to the provisions of Section 124 of the Act, unpaid/unclaimed dividend for the financial year 2010-2011 has been transferred by the Company to the Investor Education Protection Fund ("IEPF") established by the Central Government. In terms of the provisions of Section 125(5) of the Act, dividend which remains unpaid/unclaimed for a period of seven years from the date of declaration will be transferred to the IEPF.

Further, in terms of the provisions of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), equity shares in respect of which dividend has not been paid or claimed for seven consecutive years of more from the date of declaration will also be transferred to an account viz. "Investor Education and Protection Fund Authority Ministry of Corporate Affairs", which is operated by the IEPF Authority pursuant to the IEPF Rules.

In compliance with the aforesaid Rules, the Company has already transferred equity shares for which dividend remained unpaid/unclaimed for a period of seven years from the date of declaration to the Investor Education and Protection Fund Authority, Ministry of Corporate Affairs, after providing necessary intimations to the relevant shareholders. Details of unpaid/unclaimed dividend and such equity shares are uploaded on the website of the Company as well as

that of the MCA. No claim shall lie against the Company in respect of unclaimed dividend amount and equity shares transferred to the Investor Education and Protection Fund Authority, Ministry of Corporate Affairs, respectively, pursuant to the IEPF Rules. Members can however claim both the unclaimed dividend amount and equity shares from the IEPF Authority by making applications in the manner provided in the IEPF Rules.
